Gainful Employment Disclosures

15.9999 Engineering Technologies/Technicians, Other

Wor-Wic Manufacturing Engineering Technology Certificate of Proficiency Options
- Manufacturing Computer-Aided Drafting Option
- Manufacturing Engineering Technology Option

Related Occupations

Standard occupational classification (SOC) codes are listed with the names of the occupations that the certificate program options prepare students to enter. Links to the corresponding occupational profiles on O*NET are provided.

17-3024.00 Electro-Mechanical Technicians
17-3029.00 Engineering Technicians, Except Drafters, All Other
17-3029.11 Nanotechnology Engineering Technologists
17-3029.12 Nanotechnology Engineering Technicians
47-4011.00 Construction and Building Inspectors

Costs

Costs include the average tuition, institutional and course fees, and books and supplies required for a student to complete an entire manufacturing engineering technology certificate.

On-Time Completion Rate

In compliance with federal government guidelines, for privacy reasons, the on-time completion rate for programs with less than 10 certificate graduates in the reported year is not disclosed.

Job Placement Rate

In compliance with federal government guidelines, job placement rates will be reported after federal methodology is approved since there currently is not a state requirement to calculate job placement rates.

Median Loan Debt

In compliance with federal government guidelines, for privacy reasons, median loan debt for programs with less than 10 certificate graduates in the reported year is not disclosed.
