The challenges of first-time college students can, at times, seem overwhelming. However, with the same basic knowledge and strategies, all students can be successful at college. It is the purpose of this program to accomplish this task, as well as to:

- Help empower students to make a successful transition to college.
- Reassure students and parents that the choice of Wor-Wic Community College is one based on value and quality.
- Increase awareness of the array of services available for new students.
- Enhance knowledge of credit offerings in occupational and transfer programs.

This program will also present information on various topics such as: the application process, diagnostic testing, financial aid/scholarship information, academic advisement, study skills/stress management, parent’s rights vs. student privacy rights, and success strategies.

For more information and to reserve seating, please call the Admissions Office at (410) 334-2895.
