

- These are advanced studio classes; as a result, you should already have all of the supplies you need. You may work in:
  - Graphite
  - Charcoal
  - Pastel
  - Watercolor
  - Oils
  - Acrylics
  
- Since these classes enable the students/artists to work in the medium of their choice; the list depends on the medium you are choosing to work in.
  
- You need to bring whatever you need for you to work on your painting.
  
- You **cannot** bring regular turpentine, **it must be odorless**.
  
- The choice is yours; you can also combine and work in mixed media if you choose.
