The Law Enforcement Emergency Medical Care Course (LEEMCC) was developed in 2007 and 2008 in response to the Maryland law enforcement community's request to create a medical course with specificity and applicability to law enforcement's needs. The course addresses major medical, trauma, and resuscitation situations encountered by law enforcement officers, including a unique Care Under Fire and Hazardous Circumstances segment.

Upon completion of this course, the student should be able to:
1. Demonstrate proper patient assessment of a medical and trauma patient;
2. Recognize and manage medical emergencies;
3. Recognize and manage traumatic bleeding emergencies;
4. Recognize and manage injuries to the head and spine;
5. Recognize and manage emergencies associated with infants, children, and childbirth;
6. Recognize and provide applicable care under fire and hazardous circumstances;
7. Describe special operational considerations as they pertain to emergency medical care by 
the law enforcement officer;
8. Demonstrate proper emergency medical care in various scenario based incidents.

This course is designed to meet requirements as mandated by the Maryland Police and 
Correctional Training Commissions and to meet the annual in-service requirements.

Class Size: Restricted size, seating is limited.

Reservations: Email esmith@worwic.edu to reserve seats.
