Advocacy Day
By: Sandy Sigmund

On February 11th the following students, accompanied by Tricia Garvey Smith, director of student activities and Dr. Lynn Wiljanen, dean of student development, attended an annual event planned and coordinated by the Maryland Association of Community Colleges in Annapolis Maryland: Taynetia Blake, William Mills, Liz Peek, Ashley Raab, Janine Siatkowski, Sandy Sigmund, Jeffrey Steele and Joshua Twilley. They were joined in Annapolis by Dr. Hoy, our College President. The Lt. Governor addressed the students after the opening rally, as did some of our senators and delegates. Wor-Wic’s very own, Jeffrey Steele was asked to address the several hundred students, faculty members, college Presidents and attending legislators. After the rally, the students, Dr. Hoy, Tricia Smith and Dr. Wiljanen had the honor of meeting with, and talking to, Senator Stoltzfus, Senator Colburn, Delegate Haddaway, and Delegate Mathias. Each student had a chance to share their personal stories about how Wor-Wic has helped them in their pursuit of obtaining a higher education. The students also voiced their appreciation to the representatives for their support and their dedication that they have shown in supporting local community colleges and their efforts in trying to keep tuition affordable.
This past August I had the opportunity to attend a three-day Leadership Conference and Workshop at Villanova College in Philadelphia, Pennsylvania. There were Student Government Association (SGA) students from all across the United States, from as far west as California, and as far south as Florida. This Workshop gave me and other SGA members a chance to learn new ways in which to address specific issues on campus and focus on diversity. All attending students met in small group workshops throughout the day. The experience was very enlightening. It gave me a chance to see how other Student Governments functioned and how they got involved with the campus population. I think we all left the conference with the hopes that we would take what we learned and use it to help make our Student Government Association at Wor-Wic something in which all our students could be proud. As your SGA President, that is definitely what I am trying to do.

SGA President: Sandra (Sandy) Sigmund

NIGHT OF LIVING ZOO

For 16 years, the Salisbury Zoo in Salisbury, Maryland has been hosting Night of the Living Zoo.

It is the leading Halloween event of the Delmarva area. This fun and spooky affair spans two nights, providing an entertaining, educational, and tasty treat for over 5,000 local children and their families. Over $30,000 is raised with the proceeds benefitting the Zoo's Education and Conservation programs.

Children and adults, young and old, take a haunting stroll through the zoo to visit a variety of tables manned by volunteers, some set up with information about the zoo's scarier creatures and some with cauldrons brimming with candy. The Loop of Horror, a haunted trail created by the zoo's zookeepers, sends some kids (and parents) running and screaming. Other entertaining performances include a fire juggler, a martial arts show using illuminated weaponry, performed by a local martial arts school, and a zombie yard, complete with a "Thriller" dance show, performed by a local dance studio. At the end of the trail, back at the main gate, visitors can purchase tickets for playing games and for buying food, glow sticks, and snapshots.

On Friday, October 10th, four honors students from the Wor-Wic Community College Honors Program volunteered their time to pass out candy at treat tables. They all enjoyed the evening and were glad they were given the opportunity to help at such a great event. "I loved seeing all the kids in costumes," said Allison Pilat, a second year honors student, "I had so much fun, I decided to help out on Saturday too." Cassandra Dasher, Diana Shultz, and Joshua Edwards also volunteered on Friday at different tables along the trail, such as Llama Lane, Wolf Way, and Bison Boulevard. On Saturday, October 11th, Allison returned to help with Pumpkin Patch Pictures and staffed a digital photo printer.

(Continued on page 3)
Amber Lee, a first year honors student, helped out at one of the game tables, Pin the Cheese on the Mouse. "We blindfolded the children and had them stick a piece of cheese on a cut out of a mouse. I really enjoyed doing this; hopefully I can volunteer another time," said Amber, when asked about her experience.

Volunteer opportunities such as Night of the Living Zoo allow enthusiastically bright students to experience the intrinsic benefits of helping out in their community. These are not just honors students, but honors students in action!

By Allison Pilat

NIGHT OF LIVING ZOO
(Continued from page 2)

Honor Classes at Wor-Wic
Honor students now have their own classroom in the AAB building on the third floor room 333.

Faculty and honors students alike will enjoy this room for many classes to come.

Thank you Wor-Wic for making it possible.

Hero’s on Wor-Wic’s Campus
By: Ericka McCary

On Thursday February 12, 2009, Phi Theta Kappa, in conjunction with the Blood Bank of Delmarva, hosted a life saving event: a Blood Drive. A total of 47 people went through the registration process, which in turn lead to 29 successful donations. To ensure the safety of blood recipients, not everyone that registers is allowed to donate. The registration process entails being weighed, taking your temperature, checking your hemoglobin (to make sure you are not anemic), and answering a series of questions. If you make it past these steps, then you are one of the fortunate individuals who are allowed to donate.

These heroes donated their time and blood for a greater cause, saving someone else’s life. This selfless act allows for the opportunity to change people’s lives. A student, who wanted to donate and was not able to, stated she was in a near-fatal automobile accident and had to have a transfusion and approximately half the blood she now has in her system was donated. She said that had it not been for blood donors she would have surely died, and she wanted to return the favor.

To those who did not have the opportunity to donate at this time, please remember that the benefits of your heroism include: a free HIV test, diabetes screening test, and the guarantee that if you join the Blood Bank if you or someone in your family ever needed blood, it’s yours for free. Not to mention cookies, soda, and a free t-shirt!

Phi Theta Kappa and the Blood Bank of Delmarva would like to thank Ms. Lynn Derickson for her help and support, Suzanne Murray, all the wonderful phlebotomists, as well as the numerous students who dedicated their time and efforts to make the drive successful. I look forward to the next Blood Drive, where hopefully we will break the all time record of 34 donors. If you are interested in helping with next Blood Drive please contact Ms. Lynn Derickson at HH103 or (410) 572-8707.
Welcome week is a way of getting everyone involved in activities going on during the beginning of the first semester. We had a NASCAR simulator, a picnic in the quad, movie night and a family fun day. Coming up during the Spring semester we will be featuring Dolphin Daze. So be on the look-out for another picnic with novelties and entertainment. Come and join in with your fellow students and all the fun activities that will be going on.
Tips for working out and losing weight.
By Chris Peirce
AFPA Certified Trainer

How do I gain muscle?
As far as lifting weights you should be hitting low reps with higher weights. You want to shoot for 10-12 reps and do 3 sets. You should be struggling to finish the last couple reps.

How do I tone my muscles?
Toning helps strengthen the muscle fibers and bring out the muscle. Toning can give you that “in shape” look you want. To tone you want to be doing higher reps with lower weight. This will help you get stronger without becoming bulky. You should shoot for 15 -20 reps done 2-3 times.

How do I lose weight?
This is the question everyone wants the answer to, there is not a magic pill or remedy that will make your midsection disappear. You have to do your cardio!! Walking, running, riding, and swimming are all good things that will help you lose the weight. Most people don’t realize that if all you are doing is cardio that you don’t start really burning stored fat until about 20-30 min into the session. Your body has to use its glycogen (this is the body’s immediate energy source) before it can start using stored fat as energy, resulting in fat loss. An easy way to get the glycogen out before you start your cardio session is to weight train beforehand. If you are just doing cardio you should go for at least an hour, not too much longer. If you are weight training beforehand then 30-45 min is a good time and will have some major affects if done consistently.

What about diet?
One of the biggest mistakes people make in their diet is not what they eat but how they eat. It’s common in America to eat 3 or less meals a day. If you’re only eating 2 or 3 then they’re usually big meals to tide you over till the next meal. The problem with this is that your body goes into starvation mode and stores anything and everything that you put in your body to make sure that it can keep its energy up until you eat again. If you take the same amount that you eat throughout the day and span it over 5 or 6 small meals your body will take only the nutrients it needs and pass the rest of the bad stuff through. You will also find that you are satisfied throughout the whole day; this will allow you to concentrate better throughout the day. Keep your fat intake low around 5 – 10 grams (g) of saturated fat per serving, your carbohydrates medium 20 - 30 g, and protein medium or high (as much protein as you can get in a meal) depending on your goal. If you’re trying to gain muscle you should be taking in at least 1-1 1/2 grams of protein per lbs of body weight. So if you weigh 180lbs. this means at least 180 g of protein per day.

Come check out the trainers at Power House Gym for all your personal training needs.

300 Cypress St. - in the shopping center across from the Perdue factory.

Making Your Voices Heard

In late October- early November, our Student Government Association (SGA) had conducted a campus wide student survey. We wanted to find out what we, the students, know about our college clubs and organizations around the campus. Even more, we wanted to hear your suggestions and concerns about our college.

The leading organizations and services in terms of popularity were the SGA itself, followed by our gym and the Phi Theta Kappa Honor Society. However, the results showed that, on average, only 1/3 of the students surveyed were aware of most of the opportunities that Wor-Wic has to offer. That is something that the SGA is determined to remedy. In this issue you can find a glimpse on some of our active student clubs and organizations on campus along with a short description of the work that they do for the students.

Along with the survey results, SGA has received a list of comments, suggestions and concerns that students have voiced. Each of these remarks were addressed and discussed at the SGA meeting, November 10, 2008.

The Wor-Wic SGA would like to thank you for participation in the survey! Your opinions and thoughts are invaluable in improving our campus for all of us.
Wor-Wic entered a float in three area parades. We were unable to participate in the Pocomoke Parade due to high winds that made traveling with the float on the road very hazardous that evening. We won a second place trophy in the Princess Anne Parade in the non-commercial category. The committee working on the floats consisted of staff, student ambassadors, and student leaders.

On Friday, February 20th, Allison Pilat, the Chapter President of Alpha Nu Omicron, and Matthew Lawson, the Vice President of Leadership, arrived at Baltimore's Inner Harbor Holiday Inn for Phi Theta Kappa's 2009 Middle States Regional Convention. The convention schedule included listening to fabulous speakers, attending educational forums, and enjoying the fellowship of the Middle States Phi Theta Kappa chapters from Delaware, Maryland, New Jersey, and Pennsylvania.

On Saturday, a gala banquet and awards ceremony was held in order to recognize the outstanding chapters from the region. Alpha Nu Omicron was called to the stage many times to receive awards for their excellence in chapter projects.

In April, Allison and Matt, along with others from the chapter will be attending Phi Theta Kappa's 2009 International Convention in Grapevine, Texas. Hopefully, they will continue their award-winning there as well! Wish them luck!
DEAR “W”

Dear “W”,

I am on my second semester at Wor-Wic, and am overwhelmed. I am a mother of two, and have a part-time job. I picked up too many classes this semester, and don’t think I can handle the course load. I’m a good student, but I need to spend time with my children. Do you recommend dropping this late in the semester? If so, how do I go about doing it? Thanks,

Overwhelmed Mom

Overwhelmed Mom,

The first step is to talk to your instructors. Many of the college’s instructors are understanding of other roles their students have to fulfill, and are willing to work with you. If you still feel that you cannot hold the course load, your next step is to speak with your advisor. He or she will be able to give you advice for your particular situation. You have until March 31 to withdraw from a class. Unlike “dropping” a class, this will show up on your transcript as a “W” for withdrawn. This means that you will not be on the deans list, and must repeat the course if it is required for your degree. However, a “W” is much better than an “F.” You are a good student, and your grades should reflect your work at your best, not when you are overwhelmed. Just keep in mind that although education is important, you have other roles to fulfill. Prioritize what is important to you, speak with your instructors, and schedule a meeting with your advisor. One last piece of advice, do not stop attending your classes until you have made a decision. If something happens and you are unable to drop, you will be finding yourself playing catch-up with your missed work.

Good Luck,

“W”

---

Wor-Wic’s Crossroads Café

The Crossroads Café is located in the Student Center at Wor-Wic Community College. Crossroads has a variety of menu choices beginning with the salad bar from which you have the option of choosing a fresh garden salad, chef salad, or our “famous” chicken Caesar salad. We also have homemade soups prepared by our food service manager Mark Dembowski. Our Fresh Daily entrees, ranging from turkey, to pasta, to tacos, are a huge hit in the café! In addition, we offer cold deli sandwiches and grilled hot subs and sandwiches right off the grill. Do not forget hot french fries & chicken tenders from the deep fryer in which we use zero trans fat/non-peanut oil. Stop in and ask one of the well-qualified staff about daily specials.

- Crossroad’s Staff

Wor-Wic Fall Dean’s List Announced

Over 500 Wor-Wic Community College students have been recognized for superior performance by being named to the dean’s list for the recently completed fall semester. Dr. Stephen L. Capelli, vice president for academic and student affairs, sent letters of congratulations to the 547 students who maintained a grade point average of 3.5 or higher while taking six or more credit hours during the fall semester. Formal recognition is also recorded on each student’s official college transcript.

Student Portal

How do you find out who your advisor is? How can you register for classes online? Is there any way I can see what financial aid I will be getting back in a refund? All of these questions can be solved using Wor-Wic’s Student Portal online. As long as you are a student at Wor-Wic, you have access to this system. First, log onto Wor-Wic’s website at www.worwic.edu. In the upper right hand corner you will see a drop down menu called “Quick Links.” Hold your mouse over the menu until it drops down, and then click on the very last option titled “Student Portal.”

To look up your advisor, click on student inquiry. Follow the login instructions, and then click on “Student Info.” This screen not only allows you to find your advisor, but also check your overall GPA. If you go back and click on “Transcript Info,” you can look up all the classes you have taken so far. This is very useful when planning what classes you still need to take to graduate.

If you have more than 15 credit hours, and are not on academic probation, you will be able to register online. When the time comes you will log onto student portal, and click the Registration option from the main page. You may not be able to register if you have not taken SDV 100, are taking ESL courses, have a bad debt with the college, or are a new student. If you have problems registering you may need to see your advisor.

You can also see how much you owe the school, or check how much financial aid you will be getting back by checking on student inquiry, as well as pay your bills to the college online. This information system is very useful, and I would highly recommend taking a few minutes and acquainting yourself with its many options.
Future Educators of America (FEA)
From: Stephanie Prue

Q: What is your club about?
A: The FEA is about giving students an opportunity to interact with the local school system and get first-hand experiences in the education field, through fellowship, scholarship, and service. Our focus is to gain knowledge from as many educational experiences as we can, and not only to serve the community, but to learn from it as well.

Q: What sort of things do you do and/or discuss at club meetings?
A: At club meetings we discuss upcoming opportunities for experiences and reflect on what some of us have done as service projects or learning experiences.

Q: What are your plans and/or what do you hope to accomplish in the future?
A: The FEA plans to continue to inspire education students to get involved in their community and step up as future educators. By getting involved in local projects within the community, education majors have an opportunity to make contacts with individuals that will be a part of the decision making process when new teachers are being selected in the school system. Making contacts with educators and administrators is not only a great way to get your name out there, but also to showcase your talents by being involved. In the future, we hope to build stronger relationships with the local schools and make our services available to local teachers. We hope that they call on us when they need a few extra hands and a little enthusiasm for those bigger projects.

Q: Is there any additional information that you would like students to know?
A: Local organizations like the Eastern Shore Reading Council and the Eastern Shore Writing Project, are a great source of opportunity for education majors. Some of the members of the FEA have joined these organizations and are working within the community on projects like the Literacy Fair and placing books and bookshelves in the Habitat for Humanity homes in the region. These organizations offer great opportunities such as seminars and workshops where students can gain knowledge and insight, from a teaching perspective.
Student Government Association

All credit students are members of the student government association (SGA). The purpose of the SGA is to establish, promote and finance organizations and events directed toward the benefit of the students and to provide a student representative on designated college committees. The SGA operates from SGA fees generated from students at the beginning of each fall and spring semester. All organizations approved and recognized by the SGA are eligible to be considered to receive funds from the SGA. Procedures to obtain recognition include the submission of a constitution and bylaws, a list of officers, the signature of a proposed advisor and the signatures of at least five interested students. The SGA’s executive board then makes a recommendation through the college administration to the college’s board of trustees. The SGA also provides an opportunity for students to further pursue their special interests by coordinating and allocating funds for other activities, such as hosting guest lecturers and special presentations. Meetings are open to all students every other Monday at 4:00 p.m. in room 216 of the Student Center. Come and join in, get involved, and support your institution. If you would like further information, go to our website and contact any of the SGA officers.

Are you participating in the commencement ceremony this May? If so, please RSVP and let us know how many guests you are expecting by contacting Shirley Foreman at sforeman@worwic.edu
Check the website under “Quick Links” for graduation information.

Are you wondering how to find out what’s going on around campus? Club activities and campus sponsored events are advertised in a variety of places. Check out the following on a regular basis:
Wor-Wic Website calendar
Campus Bulletin Boards
Student Email
The Wor-Wic Wave
**Alpha Nu Omicron**  
**From:** Allison Pilat  
**Q:** What is your club about?  
**A:** Alpha Nu Omicron is Wor-Wic's chapter of Phi Theta Kappa, the International Honor Society of the Two Year College. To be considered for membership, you must complete at least 12 credits at 100 level or above and achieve at least a 3.5 GPA. If you choose to join, you will be formally inducted during an induction ceremony. There is a one-time membership fee, but being a member brings many scholarship and award opportunities. We are a society and chapter who believes in Scholarship, Leadership, Service, and Fellowship. Our activities and projects embody these ideals.

**Q:** What sort of things do you do and/or discuss at club meetings?  
**A:** We have general membership meetings every other week during the semester. These follow a regular business meeting format. Committee chairs report what is happening with all our current and upcoming projects and volunteers sign up for upcoming events. We welcome members and interested non-members to attend, learn about our activities, and feel free to volunteer!

Also, new this semester, we are hosting a club social on the last Friday of every month, beginning at 4pm in the Student Center Lounge, Room 200. February’s social is Mardi Gras! At the social, all campus clubs and organizations are welcome to come and bring any information they would like to share with other club members and prospective members. Also, any student interested in finding out more about what campus life has to offer is welcome to join us! All we ask is that you bring something to share, like food, a game, or music.

Our projects and activities revolve around our four 'hallmarks': Scholarship, Leadership, Service, and Fellowship. For example, we host scholarly honors seminars, where we watch a lecture from a renowned scholar and then hold a group discussion. We travel to leadership workshops, academies, and conventions. And, we volunteer in numerous campus and community service projects, like clean-ups, collection drives, and workshops in public schools.

**Q:** What are your plans and/or what do you hope to accomplish in the future?  
**A:** We hope to get more students involved. We are always looking for different ideas for projects; but even more, we are looking for volunteers and leaders with drive and an inspiration to do something good in this world. Phi Theta Kappa opens doors, are you interested in walking through them?

**Q:** Is there any additional information that you would like students to know?  
**A:** Visit alphanuomicron.org for more information about our chapter or ptk.org for more information about what opportunities Phi Theta Kappa can make available to you. Also, please join us at our next club social or general meeting so that we can get to know you and you can get to know us!

Spring Club Socials: March 27th, and April 24th  
4:00 pm in SC 200

Spring General Meetings: March 18th, April 1st, April 15th, and April 29th  
4:30 pm in AAB 319

---

**Congratulations Alpha Nu Omicron**  
On Saturday, February 21st, Alpha Nu Omicron was recognized at the 2009 Middle States Regional Convention in Baltimore, MD and received the following awards:

**2009 Milestone Award**  
The Milestone Award is given to the chapter with the most improvement in the past year based on total scores of the Hallmark Awards. We received a plaque and a $750 award to assist with sending members to conventions.

**2009 Diamond Chapter**  
The Diamond Chapter Award is given to chapters who have excelled at the Regional "Diamonds in the Rough " Program.

**2nd Place for Chapter Cheer**  
Each year during the Roll Call of Chapters during the First General Session of Regional Convention, chapters state their presence by giving their Chapter cheer. Creativity is encouraged, props are NOT permitted. We were recognized for creativity, spirit and overall presentation and received a ribbon.

Five Star Chapter Development Program Certificate  
This program, which reflects the scholarly ideals of Phi Theta Kappa, serves as a blueprint for developing a strong chapter and for earning local, regional, and international recognition. In this program, chapters do not compete against one another. Participation encourage excellence and recognizes progress in the attainment of goals set by the chapter.
Club: The ARTS
From: Steven Marshall

Is Art a “lost art?” A closer look at today's society reveals that the arts are in more places in one's life than expected. Art is everywhere: commercials, billboards, businesses, magazines, and even in the average teen. More teens are finding their artistic side every day. The Wor-Wic Arts Club is a club intended to nurture that artistic side. Painting, photography, poetry, prose (essays), stories, song writing, instrumental music, even singing are forms of art. All students are welcome to join the club, lead by faculty advisor, Dr. Elinor Cubbage; President, Robin Finley; Vice president, Ayla Turner; and communications officer, Nick Haglich. Based on participation in the club, it is evident that interest in the arts at Wor-Wic Community College is ever growing. Arts Club meetings are held twice monthly on Tuesdays. Special events are posted throughout the school and on Facebook. This semester the club is sponsoring an Open-Mic Night Coffeehouse, a bake sale, and Echoes and Visions, the student creative arts magazine. The arts are alive on campus, so there is no need to hide your creative side.

Phi Beta Lambda is Wor-Wic Community Colleges business club. Since 1997 or so, PBL has been an active club chapter. As a club, we want to help improve the skills that go along with a business related job. PBL is a state wide as well as national wide group. This means that PBL members get to compete in events relating to their major at the state and national level. Guest speakers come in from time to time to tell us what they look for in an employee and job opportunities in the local area are provided as they come in. We do fundraising for the trips to the national conferences and for the March Of Dimes. If you are interested in fundraising for the trips to the national conferences or the March Of Dimes. If you are interested in joining PBL at Wor Wic, you can usually find us every other Monday in WDC 203F. Please email or visit jwharton0001@student.worwic.edu

What is the CDCSA?
The CDC Student Association (CDCSA) is a club that is extremely involved in education and awareness concerning drug and alcohol use and we are striving to extend our energy and our mission to students at Wor-Wic Community College majoring in chemical dependency counseling. The CDCSA is advised by Dr. Cynthia Hargis, LCADC and co-advised by Mr. Shane Ferguson, M.A., LSWA. During the first CDCSA meeting of the spring semester a brand new executive board was elected as follows, the president is Sheri Tempel, the vice president is Angela Grant, the secretary is Patty Kurtz, the treasurer is Beth Fontaine and the SGA liaison is John Caloyiainis. This group of students possess a desire to educate their family of Wor-Wic students on the dangers of drug and alcohol use. Plans for the remainder of the spring 09 semester are already in action such as, safe break week, which will be the week before spring break. The CDCSA will be asking members of Wor-Wic Community College to pledge to refrain from drug use and if they are going to drink to do so responsibly. We will be handing out gray ribbons that students can wear to display their commitment to making responsible choices over spring break. We are planning a multitude of events that we can all have fun with together. The purpose of the CDCSA is to increase education and awareness of drug and alcohol use and the motto of the CDCSA is, "Out of the ashes of addiction comes renewal and strength." If you agree with our CDCSA motto and their purpose come out and join our family. The upcoming meetings dates are as follows: March 19, 2009 at 2:30pm in room SC302. The CDCSA family hopes to see you there.

Kappa Gamma Women’s Society

1. What kind of activities does Kappa Gamma do?
“Kappa Gamma does many activities that help bond girls together and strengthen sisterhood. We participate in monthly community service and volunteer at the Wicomico humane society one Saturday a month. We also hold a different event on campus monthly to either involve women or the entire campus.”

2. How can one join Kappa Gamma?
“Women can join Kappa Gamma at our new member meetings near the start of each semester. We are looking for anyone out going and looking to make new friends. We need people to be dedicate because we do try to do several activities a month and we need our members to come and support us.”

3. What is Kappa Gamma’s mission statement?
“Kappa Gamma has been created to encourage the spirit of true sisterhood among female students at Wor-Wic Community College; to promote academic excellence and community service; and to promote mutual respect among members of the Wor-Wic community and the larger community outside the college.”

Holiday Bash Celebrates the Joy of the Winter Season
By: Kelsie McNamara

The Gay Straight Alliance (GSA) sponsored a Holiday Party on Thursday, November 20th 2008 and it was a certainly a fun time! The GSA is responsible for several activities such as the group Bike Trip for Fall 2008, a movie night in Spring 2008 (playing “Sordid Lives”) and the Spring celebration of April 2008. The Spring celebration of 2008 was a hit, rendering the 2008/2009 school year to have both a Winter Celebration and a Spring Celebration! Mr. Jeff Steele, director of the Winter party, states, “The Spring Mixer went well last year so we are doing it both semesters this year.” This year’s Holiday festivities were the first winter celebration ever taken place at Wor-Wic Community College. The Gay Straight Alliance took about 3 weeks to set up that celebration. Members of the school and local community members donated food. The food including cookie assortments, cakes, grapes, cheeses, finger sandwiches and of course, punch. Partygoers especially raved about the mouth-watering Christmas cookies. The outcome virtually doubled at this Winter’s fling compared to last semester’s Spring jamboree. We only hope to see that the outcome triples for the upcoming Spring 2009 celebration. If you were not there on November 20th, you missed jolly Christmas music, good food, games like Christmas Carol Pictionary, Human Christmas Trees, and Hide the Reindeer. This gathering presented a great way to meet few new people and prepare for the upcoming Holiday Season. The GSA plans to have other open activities throughout the year. And just in case you missed this Winter bash, another movie night is in planning, as well as the more educational HIV awareness day. Moreover, do not forget the Spring Bash next semester for Spring 2009. It is sure to be an enjoyable occasion.
By: Kelsie McNamara

A Thank You From Your SGA President

I would like very much to thank my SGA officers, the students, the clubs and organizations, the faculty, and the staff at Wor-Wic, for all of the support you have given me this year as the SGA president. I am very thankful for the opportunity that you have given me. I hope that all of you will continue to support your new SGA officers in the future. It is with sadness, and happiness that I leave Wor-Wic this semester. You will all be missed.
Your SGA President, Sandy Sigmund

Semi-Formal Dance

Missed your prom? Want to go back in time? Just wanna have some fun? Luckily for you, Wor-Wic is hosting a semi-formal dance very soon. Tickets will be $15.00. Your date does not have to attend the college. Finger foods and beverages will be served. Be on the look out for more information. If you want to be on the dance committee, email Janine at jsiatkowski0001@student.worwic.edu.

Wor-Wic’s Annual Spring Job Fair to be held on April 9, 2009

Wor-Wic Community College will hold our Annual Spring Job Fair on Thursday, April 9, 2009, from 2:30 to 6:00 p.m. in our Workforce Development Center Building. This is a free event for employers and job seekers, open to current students, alumni, and the community. No advance registration is required for job seekers. Dress in appropriate interview attire and bring several copies of your resume to hand out to prospective employers.

Online registration is now open to employers. Space is limited so register now!

This event is hosted by Career Services. Call 410-334-2903 with any questions or email careerservices@worwic.edu.
