

How to use your Wor-Wic live email account.

Go to <http://mail.live.worwic.edu>, or click on Student Email under Quicklinks on the Wor-Wic Home Page..

Sign in with your Live Email Address and Password, example: euser0001@live.worwic.edu.

The first time you sign in you will be asked for some information. The first thing is to reenter your password. Next it wants a password reminder question and answer. Then it wants your Country, City, State, and Postal Code. Lastly it asks for your birthyear, and to accept their Terms of Use agreement. The next page asks for your Time Zone. Please Choose Eastern Time (US and Canada) GMT -5:00.

It will then immediately go to your email page.

At the top of the page there is a link to Skydrive. This is an area where you can store up to 25 gigabytes of information to be accessed here at Wor-Wic or at home. You can move up to five files at a time from your computer to the Skydrive.
