

WOR-WIC COMMUNITY COLLEGE
ARTICULATION AGREEMENT
with
BOARD OF EDUCATION FOR SOMERSET COUNTY SCHOOLS

Academic Year: Fall 2026 through Spring 2028

WHEREAS, pursuant to the Maryland Higher Education Commission policy on “Articulation and Transfer of Credits between Degree-Granting Institutions and Maryland Secondary Schools,” Wor-Wic Community College and the Board of Education for Somerset County Schools desire to promote the seamless transition of students from secondary to postsecondary education; and

WHEREAS, Wor-Wic Community College and the Somerset County Board of Education seek to establish an Articulation and Transfer Agreement for the academic period beginning Fall 2026 through Spring 2028;

NOW, THEREFORE, the parties agree as follows:

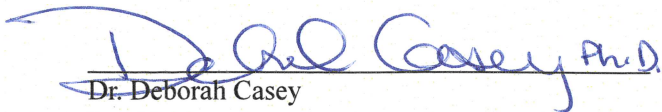

This Articulation and Transfer Agreement is established between Wor-Wic Community College and the Somerset County Board of Education. Credit awarded under this agreement is determined solely by Wor-Wic Community College; other institutions may or may not accept these credits. Students intending to transfer should consult the receiving institution for specific transfer policies.

To be eligible for articulated credit, students must earn a grade of “B” or higher in the applicable course(s), submit an official high school transcript to the Registrar’s Office upon high school graduation, be admitted to Wor-Wic Community College no later than three years after high school graduation, and successfully complete at least one 100-level course at the college.

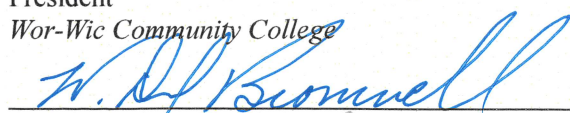

Additionally, eligible credits are not awarded automatically, and responsibility rests with the student to request that applicable coursework be reviewed and posted to their academic record. For students who enroll at Wor-Wic following high school graduation, this request can be easily made during the student’s initial meeting with their academic advisor. Students who do not enroll following high school graduation but wish to have their eligible high school coursework evaluated for credit must independently contact the Registrar’s Office by emailing registrar@worwic.edu to initiate the process. All requests are subject to institutional review.

This Agreement is founded on the principle that students who have received formal instruction at an accredited Maryland secondary institution and have acquired competencies in courses or programs of study equivalent to college-level coursework should not be required to repeat such instruction upon enrollment at a Maryland degree-granting institution. The purpose of this Agreement is to eliminate unnecessary duplication of instruction and to provide a seamless transition of coursework and educational programs from high school to the community college.

Specific provisions of the 2026–2028 Somerset County Public Schools Articulation and Transfer Agreement are outlined on the following pages.
