This course is designed for law enforcement officers seeking certification as police cyclists. It is based on the successful effective cycling program of the League of American Wheelmen and approved by the International Police Mountain Bike Association (IPMBA). It is the only certified police cyclist training course in the United States. Officers will learn how to ride safely and comfortably in traffic, off-road, and in various conditions they are likely to experience in the field.

### **Upon completion of this course the officer should be able to:**

1. Demonstrate familiarity with emergency maneuvers if a car or object appears in their path.
2. Develop skills for riding in diverse traffic situations.
3. Employ techniques designed to effectively apprehend criminals.
4. Demonstrate the ability to hop curbs, descend stairs and perform emergency maneuvers designed to prevent crashes.
5. Identify how to safely dismount their bike to perform an arrest or fire their sidearm.

This course is designed to meet requirements as mandated by the Maryland Police Training Commission and to meet the annual in-service requirements.

**Class Size:** Seating limited.

**Attendance:** You must attend the entire course to receive in-service credit.
